Questions/Comments:

- Jasmine Williams Holston voiced interest in Ambassador Program. Requested more information that was presented by Director Davis. Suggested a third tier of volunteers to have conversations with community and report back to CCA.
- Ms. Moot (Urban League) Asked how to capture information and community stories. Need to receive information back from community. Important to learn about situations that are not elevated to a complaint level, but still deserve a conversation.
- John Young – Suggested case reviews 2-3 times a year highlighting issues in the community. What questions are raised? What was the outcome?
- Rachel Hasting – Suggested that there is confusion in the community regarding the various law enforcement agencies and roles. All law enforcement seems to be lumped together. Suggested helping folks decipher roles of different groups. Clarification of who does what would be helpful.
- Ms. Moot mentioned problem solvers training and suggested collaboration.
